CHURCH TO CHURCH IS NOT FOR EVERYONE

What motives your church to do missions? Is a mission trip simply the 'right thing' to do or another box to check as a church? If you really hope to make a difference, to change lives, it's time to quit playing at missions and get serious about building the church.

Church to Church is a long-term partnerships between a US church + a local church planter in our ministry partner network. It's a Kingdom commitment- financially, relationally, and spiritually- for eternal impact.

WHY THE CHURCH TO CHURCH MODEL

"Consequently, you are no longer foreigners and strangers, but fellow citizens with God's people and also members of his household, built on the foundation of the apostles and prophets, with Christ Jesus himself as the chief cornerstone." Eph. 2:19-20

As the Church, we are all part of one body- the bride of Christ. Our C2C model helps local churches lock hands to bring God's Kingdom, working together to fulfill the Great Commission.
